JB BUBBLES A MUST HAVE FOR ANY ASSORTMENT!

Offer your customer an opportunity to rent a unique product, opt for JB bubbles product, easy to install and fun to play with. JB Bubbles is an ideal addition to your assortment. The smart development of foam and inflatable guarantees your customer an amazing foam party in no time. The products are lightweight and totally safe thanks to the lack of electrical components. A foam party for young and old, let's do it!

1

INFLATABLE SET-UP

Roll out the inflatable, connect the blower.

2

PREPARE THE JB BUBBLE MACHINE

- A.** Fill the JB Bubble Machine with water (approx. 70 liters).
- B.** Then add one package of JB Bubble Fluid. One package of JB Bubble Fluid is just enough for 1 JB Bubble Machine with approx. 70 liters of water.
- C.** Stir well and move on to the next step.
Attention, first water in the JB Bubble Machine, then the fluid. If you do this the other way around, the foam will already start to form in the JB Bubble Machine!

3

ATTACH THE JB BUBBLE MACHINE TO THE INFLATABLE

Is the JB Bubble Machine filled with water and the JB Bubble Fluid?
Then put the lid on the JB Bubble Machine and connect the hose of the JB Bubble Machine to the hose of the inflatable.

4

TURN ON THE BLOWER AND PLAY!

EXTRA AFFORDABLE!

With all our JB Bubble inflatables you will receive all accessories so you can immediately start renting the inflatable out.
